

*Alpha Sigma Phi  
Theta Chapter  
Chartering Banquet*

*April 18, 1998  
Southfield, Michigan*

Two and a half years ago, a few young men set out on a journey to create an environment with the sole purpose of bettering the man. During this time we made new friends, established a new sense of pride, and most importantly learned about ourselves.

Henry P. Tappan, the University of Michigan's first president, expressed the University's commitment to educate students "by the self-creative force of study and thought, to make themselves both learned and wise, and ready to put their hand to every great and good work." Alpha Sigma Phi Fraternity contributes to this goal by offering an opportunity for men to develop amongst their peers while maintaining an undergraduate run organization. Through this contribution Alpha Sigma Phi and the University of Michigan complement each other perfectly.

Today, ninety years after the original founding at the Theta Chapter, I would like to welcome you to participate in this celebration—joining our brotherhood in its excitement as the Theta Chapter receives its charter.

Sincerely,

Bruce F. McCully  
Chapter President
